

ocra::NamedInstance

```
graph BT; A[ocra::PartialState] --> B[ocra::NamedInstance];
```

A UML class diagram showing an inheritance relationship. The base class, `ocra::PartialState`, is represented by a gray rectangular box at the bottom. The derived class, `ocra::NamedInstance`, is represented by a white rectangular box at the top. A solid blue arrow points vertically from the top of the `ocra::PartialState` box to the bottom of the `ocra::NamedInstance` box, indicating that `ocra::PartialState` inherits from `ocra::NamedInstance`.
